

2025 Christmas Assistance Resource List

The Christmas Kindness program was created to ensure gifts under the tree for children of Heart to Heart food pantry's clients. Clients accepted into the program have already been identified, and no further clients will be supported this year.

We have compiled a limited list of the many alternative programs in our community. While we hope this list is helpful, we cannot provide details on these programs. You should contact the respective organizations directly for details on their program. Please explore the websites below.

Salvation Army Christmas Cheer
